

# AFRICA INSURANCE SUMMIT

**5TH MAY 2020**

---

**RADISON BLU HOTEL NAIROBI**

## 1. BACKGROUND

The second biannual Africa Insurance Summit 2020 co-hosted by the insurance information bureau (IIB), Insurance Institute of Kenya (IIK) and esri Eastern Africa under the theme: ***“Data Management for Enterprise Growth, Efficient Business Processes and Compliance”*** shall bring together the industry stakeholders through the Insurance Survey 2019, whose results and key actions shall be presented to the plenary.

To progress this theme, the Summit will present and unpack the Survey outcomes on the circumstances contributing towards low penetration and engage the participants on the key strategic actions that need to drive penetration upwards in the coming years.

The digitalization theme that started at the Africa Insurance Summit 2018 has now reached the next step with the design and development of the Integrated Insurance Data Management system (IIDMS) for Data collation, storage, mining & analytics. Together with this biannual Africa Insurance summit, we are progressively enhancing the following areas of the insurance value chain:

- a) Marketing
- b) Risk Assessment
- c) Claims Management
- d) Policyowner Service
- e) Insurance Fraud and Cyber Crimes
- f) Climate Change and Impact on Insurance
- g) Regulatory Compliance
- h) Reporting and Accounting - IFRS 17 - Compliance
- i) GIS Information and Solutions For the Insurance Industry
- j) Insurance Executive Leadership and CPD for Industry Professionals

## 2. WHO TO ATTEND

All the industry professionals involved in marketing, underwriting, reinsurance, claims management, ICT, Compliance, Research, and Regulation, at senior levels of management as well as other industry stakeholders - the insurance industry Regulators, Associations, Training and Education Institutes, Insurance Brokers and Intermediaries and Government.

## 3. WHY ATTEND

There are numerous benefits, including gaining expert knowledge and better insights in emerging trends from professionals in specific disciplines, opportunity to develop professional relationships, networking opportunities with industry peers, grow your business and become successful.

At the conclusion of the summit, all participants shall be issued with the following tools of trade:

- a) Soft copy of the Insurance Survey 2019 results
- b) Soft copy of the Key Strategic Actions for implementation to address the thematic areas
- c) Business Performance Improvement Handbook
- d) The Integrated Insurance Data Management System Exposition
- e) The 2020-2021 Seminar and Workshop Program
